

Domenick DeNigris

Monuments and Mausoleums

FAMILY OWNED SINCE 1905

LIFETIME MEMORIAL GUARANTEE

Our enduring commitment to craftsmanship, quality, and your family's memorial

OUR COMMITMENT

Every granite memorial is crafted with care, precision, and a commitment to lasting quality. Domenick DeNigris Inc. stands behind the craftsmanship, materials, and integrity of each granite memorial produced.

Each memorial is made from carefully selected memorial-grade granite and is inspected throughout the manufacturing process to help ensure quality, durability, and long-term performance.

Our lifetime guarantee reflects a simple promise: your family's memorial should be built to honor your loved one for generations. Should a defect in the granite material or manufacturing workmanship become evident under normal cemetery conditions, the memorial will be reviewed and corrected or replaced as appropriate.

WHAT IS COVERED

Each memorial is made from carefully selected memorial-grade granite and is inspected throughout the manufacturing process to ensure quality, durability, and long-term performance.

This guarantee covers defects in the granite material and manufacturing workmanship under normal cemetery conditions for the lifetime of the memorial.

IMPORTANT EXCLUSIONS

Because granite is a natural stone, variations in color, grain, veining, movement, and mineral characteristics are expected and are part of what makes each memorial unique. Normal aging, cemetery foundation movement, lawn maintenance damage, vandalism, accidents, severe weather events, or work performed by outside parties are not considered defects in material or craftsmanship.

This guarantee does not cover damage resulting from severe weather events, acts of nature, vandalism, accidents, improper maintenance, settlement or shifting of the cemetery foundation, or work performed by outside parties. Normal aging, cemetery foundation movement, and lawn maintenance are also not considered defects in material or craftsmanship.

This guarantee is offered as a reflection of our commitment to quality, accountability, and the lasting trust families place in us when creating a memorial for their loved one.
